# Dreer's Quarterly Wholesale Price List

SEPTEMBER-DECEMBER, 1904.

BULB DEPARTMENT .- The immense quantities of Bulbs which we handle enable us to supply them at the lowest possible prices. We do not, however, attempt to meet the price of those who import and who give no thought as to whether the goods are true to name or as to their quality—with us quality is first consideration. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia.

SEED DEPARTMENT.-This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT. - (See remarks on page 14.)

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS. We are shipping by express lines, to all parts of the country, goods, packed in closed boxes, at a reduction of 20 per cent. from regular rates of merchandise. Prepaid packages of seeds, plants and bulbs are carried to California and all distant points at the rate of 8 cents per pound.

By our careful and thorough system of packing, we Guarantee Safe Delivery of plants and perishable goods, when ordered to be sent by Express, and we always ship this way unless we have positive instructions to the contrary, and when sent in any other way, are solely at purchaser's risk.

ES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list. Articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs PRICES.—This list cancels all previous offers. and Plants, 33 1/3 %; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account will please furnish reference to parties in the trade with whom they have had credit relations, otherwise cash must accompany order.

Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way, Goods desired C. O. D. must be accompanied

by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to

advance prices without notice. No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in

In filling out your order always give Shipping Directions, and write Name and Address

Distinctly on each and every order.

NON-WARRANTY .- We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for Every order received for articles named in this Catalogue will be executed on these conditions only.

An Invitation. We cormany mive of Greenhouses and Nurseries at River-We cordially invite you to visit our ton, N. J., one of the most interesting commercial places in the world. Open to visitors at all times, except Sundays. Riverton, as can be seen by the map, is situated on the New Jersey side of the river Delaware, nearly opposite the city of Philadelphia, from which it can be reached by frequent trains in 30 minutes, by boat in 45 minutes, and by Electric Car in 50 minutes. Time tables on

Our Water Lily Garden, which is the most extensive in

the world, is worth coming a long distance to see.

The now so popular Hardy Perennials are grown in immense quantities, also Cannas, Petunias, etc., etc.

# Dreer's Reliable Bulbs

NOTE.—Prices of Bulbs include duty, packing and delivery to any Express or Freight line in Philadelphia

French Bulbs, including Roman Hyacinths, Paper White Narcissus, Lilium Candidum, etc., are now (September 1st) in stock, as is also White Callas, Freesias, Lilium Harrisii and a few other early maturing miscellaneous bulbs. The general line of Dutch Bulbs will be ready to send out between the 5th and the 15th of September, and unless instructed to the contrary we will hold and make one shipment as far as possible. A memorandum will be made of late ripening articles such as Lily of the Valley, Spiræa, Dielytra, etc., etc., and these will be forwarded at once on their arrival.

# Dutch Roman or Miniature Hyacinths

These are quite distinct from the French Romans offered above, and are very useful for growing in pots, pans, etc. We offer a line of the best named varieties on page 2.

# Mixed Hyacinths

In Separate Colors

The following are selected unnamed sorts, made up of bulbs measuring 15 centimeters and over in circumference, of the best quality, and are used largely for bedding and forcing (although the named second size varieties are now mostly used by florists for forcing). Beware of low priced mixed Hyacinths; they are likely to be low grade as well.

DOUBLE HYACINTHS

I

# Dutch Roman Miniature Hyacinths

Excellent for growing in pots, pans or boxes; flowering later than the French Romans offered on page 1. We offer a selection below of the best named varieties for forcing. The bulbs measure 12 centimeters and over in circumference, and must not be confounded with smaller unnamed miniatures.

# Single Red and Rose.

		Per 1000
Gertrude, rosy pink	. \$2 25	\$21 00
Gen. Pelissier, rich scarlet	. 2 25	21 00
Chas. Dickens, delicate pink	. 2 25	21 00

MINIATURE HYACINTHS

#### Hyacinths. Selected First Size Named

The superiority of Named Hyacinths for forcing and bedding is attested by the increasing sales every year. They can always be depended upon to produce large, full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

Single Red and Rose.

Narcissus

or Daffodils

All of the varieties offered are splendid for cutting, and most of them can be forced with little or no trouble. Such grand sorts as Bicolor Grandee, Emperor, Empress, Golden Spur, Horsfieldii, Sir Watkin, Barrii conspicuus, etc., are now offered so cheap that they should displace the cheaper common sorts. Our entire stock of Narcissus is strictly selected imported forcing grade.

# Single Medium Trumpet Narcissus.

NARCISSUS, PAPER-WHITE GRANDIFLORA

# Jonquils

Very popular flowers on account of their easy cultivation and delightfully fragrant, golden-yellow blooms. They can be readily forced in the house, or planted in the open ground for early flowering.

flowering.

Per 100 Per 1000

Single. Rich yellow;
perianth deeply lobed, \$0 50 4 50

Campernelle. The
true large flowering
variety . . . . . 50 4 50

Campernelle Rugulosus. The largest flowering Jonquil. Pure yellow, and very fragrant. Very desirable for winter flowering

CAMPERNELLE JONQUILS

# Crocus

While chiefly used for planting out of doors in clumps or lines or in the grass, they can be used for pot culture (the named varieties are best for this purpose) and find ready sale in the early spring months. The autumn flowering varieties will be found among miscellaneous bulbs under Colchicum.

# Named Crocus

These are larger and stronger bulbs than the mixtures and produce correspondingly finer flowers.

# LILIUMS

(Easter in 1905 comes April 23rd.)

Harrisii. (The Bermuda Easter Lily.) Extra Select Stock.

Our supply of this important variety is grown for us by one of the most careful growers in Bermuda, and we send them out with the full assurance that nothing better in quality can be had at any price.

												Per 1000
5	to	7 in.	bulbs	(packed	400	in a case)					\$4 00	\$36 oo
7	to	9 in.	66	66	200	6.6					8 00	78 00
9	to	II in.	6.6	66	100						16 00	

#### Longiflorum Multiflorum. Japanese Grown.

Our supply of these are due to arrive early in October, earlier shipments are liable to be immature. The bulbs which we supplied the past season gave the very best results, and orders for increased quantities have already been placed by many of our customers.

LILIUM CANDIDUM

6 to 8 in. bulbs (packed 400 in a case) \$3.50 per 100; \$30.00 per 1000; 7 to 9 in. bulbs, (packed 300 in a case) \$5.00 per 100; \$48.00 per 1000; 9 to 10 in. bulbs, (packed 200 in a case) \$7.50 per 100; \$73.co per 1000.

#### Candidum.

(Annunciation Lily.)

We have a fine lot of these this season in both domestic and imported stock; there is an increasing demand for this beautiful variety, both for indoor and outdoor planting. The bulbs should be planted early enough to give them a chance to make a good growth before hard frost.

Selected bulbs \$4.50 per 100; \$40.00 per 1000. Extra selected bulbs \$5.00 per 100; \$45.00 per 1000.

# OF SEASONABLE PLANTS FOR FLORISTS

Our stock of decorative plants, including Palms, Ferns, Pandanus, Araucarias, etc., is again this season very complete in a full line of sizes, while the quality is up to the same high standard for which our stock is celebrated and with which our customers are familiar. The plants are clean, healthy, vigorous and of good color, and of full value. We also call your attention to our extensive line of Hardy Perennials, which includes not only the standard and popular varieties but many scarce and rare sorts not generally offered. Through personal annual visits to the horticultural centres of the world we keep in close touch with all new plants, and are therefore prepared to present good novelties as soon as placed on the market. We solicit a personal inspection of our stock.

OUR MEASUREMENT OF PLANTS, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position.

ARAUCARIA EXCELSA

#### Abelia Rupestris.

A choice dwarf, growing small shrub of slender graceful habit and small dark green foliage, hardy as far north as Philadelphia, but requires protection in more northern latitudes. It produces during the entire summer and fall months, heather-like waxy white flowers, tinted with lilac in such quantities as to completely cover the plant. A most attractive plant that is always admired and which we cannot recommend too highly. 3-inch pots, \$1.00 per doz; \$8.00 per 100; 6-inch pots, 35 cts. each; \$3.00 per doz.

#### Abutilons.

We offer 12 distinct varieties embracing several very choice new sorts. 50 cts. per doz.; \$4.00 per 100.

#### Acacia (Ready in October).

Armata. Strong, bushy plants, in 6-inch pots, suitable for Easter forcing. \$5.00 per doz.; \$40.00 per 100.

#### Aglaonema.

Versicolor. An Aroid of dwarf growth, suited to the warm conservatory; foliage light green, irregularly blotched with patches of grey and deep green. 35 cents each.

#### Alocasias.

Illustris. A pretty dwarf bedding variety, dark green, clouded and marked with blue black. 15 cts. each; \$1.50 per doz.

Macrohiza Variegata. A splendid stove plant, with large,

dark green foliage, blotched and marbled with white. 4-inch pots, 60 cts. each.

Metallica. Glossy, metallic bronze foliage; a fine exhibition

variety. \$2.50 each.

Zebrina. Large, dark green foliage, the stems being transversely marked with light and dark green. \$2.50 each.

#### Anthuriums.

Andreanum Hybrida. A fine collection of seedlings from which we can select the following colors, in large-sized flowers; scarlet, white, red and rose. 75 cts. and \$1.00 each.

Scherzerianum. Brilliant scarlet flowers. 50 cents each.

"Grandiflorum. Bright scarlet, 75 cts. each.

"Purpuratum. Purplish crimson. 75 cts. each. Rothschildianum. Creamy white, spotted

with crimson. \$1.50 each.

Salmonianum. Salmon red. 75 cts. each.

Sanguineum. Rich crimson, \$1.00 each.

Grande. A handsome ornamental-leaved variety, with rich, velvety-green foliage, the principal veins elegantly banded

## Aralias.

with pure crystal white. 75 cents each.

Elegant and rare decorative plants, with graceful foliage, especially suited for table decorations and for exhibition purposes.

Elegantissima. Metallic green, narrow foliage, very pretty. \$1.00 each.

Veitchii. Narrow, undulated leaflets of a dark, metallic green above and red underneath. \$1.00 each.

Veitchii Gracillima. A very narrow-leaved form of Veitchii.

#### Araucaria Excelsa (Norfolk Island Pine.)

We are carrying a large stock of Araucarias. The plants, as offered, are all of good value, and will be found a profitable investment; it will pay you to purchase early in the season, and

#### Asparagus Tenuissimus.

### Asparagus Myriocladus.

An introduction from South Africa, and probably the most attractive species yet introduced. It was very aptly described by a visitor to our nursery as "an aristocratic Asparagus Sprengeri," from which, however, it is entirely distinct, both in its habit of growth, as well as in the formation of its fronds. The plant is of an almost erect habit of growth, producing fronds from two to four feet long, which, when just unfolding, are of a peculiar metallic bronze, from which they change to a goldengreen, finally maturing a rich emerald-green. A plant with fronds in the various stages of development is most attractive. Stock limited.

ASPARAGUS MYRIOCLADUS

AZALEA MME. VAN DER CRUYSEN

# AZALEAS

Buyers who use a quantity of this most popular Easter blooming plant will find it to their interest to place their orders at once for next season's wants, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are personally selected in Belgium by our own representatives, and are sent here in bulk, and are all re-packed at our own nurseries, so that any plants that may not have been carried well are set aside. This insures our customers of securing only first-class stock, which cannot be compared with cheap assorted case lots, which are made up in Belgium, and distributed on this side just as received, frequently not only containing damaged plants, but also, as a rule, many varieties not at all suited to the American trade.

The varieties which we supply are only the most popular sorts suited to the American market, and we can include 40 % of the popular *Mad. Van der Cruysen* in the 10 to 12 and 12 to 14 inch sizes, and 25 % in the 14 to 16 inch sizes.

#### PRICES.

Including duty, packing, and delivery in good condition to any Express, Freight, or Steamship Line in Philadelphia:

Fine, Bushy Crowns, well set with Buds.

#### Azalea Mollis. For Early Forcing.

We annually find a growing demand for these gay-colored, hardy Azaleas which are so readily forced during the winter months, and they well deserve the popularity which is given them.

We are handling the stock of one of the most successful specialists, and can supply in November fine, bushy plants, 15 inches high, finely set with buds, at \$4.50 per doz.; \$35.00 per 100.

### Begonia Gloire de Lorraine.

Undoubtedly the most valuable Winter Flowering Pot Plant we have, especially for the holiday season, and the demand is always far in excess of the supply. We can supply fine thrifty young plants from 2-inch pots.

There is absolutely no difficulty in growing this plant between June and February; no special skill is required, and no special facilities need be prepared. You will have no difficulty whatever if you secure good, thrifty young stock, such as we are prepared to supply, and you will find same a paying investment. \$2.00 per doz.; \$15.00 per 100; \$140 per 1000.

Larger plants in 3, 4 and 6-inch pots ready after October 15th.

Parqui. 3-inch pots, 75c. per doz.; \$6.00 per 100.

BEGONIA GLOIRE DE LORRAINE

#### Cannas. Large Field-Grown Clumps.

The varieties enumerated below can be supplied in strong, undivided field-grown clumps, which will average from twenty to twenty-five eyes each, according to the variety, and at a price which will make it an advantage to stock up during the fall, when they can be shipped by freight at a low cost of transportation.

Orders for this stock at this low price will only be accepted as long as the plants remain in the fields, which is usually until

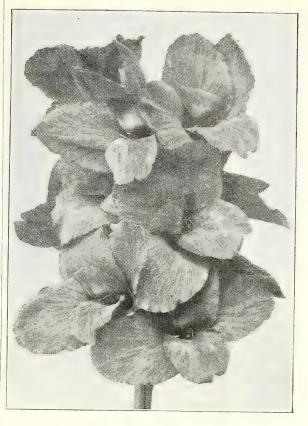

about the 25th of October.

Place your orders now and the stock will be reserved until the proper time to dig.

#### Clivia. (Imantophyllum.)

Miniatum. Strong 6-inch pots, 50 cts. each; \$5.00 per doz.

#### Clerodendron Balfouri.

Strong 3-inch pots, \$1.00 per doz., \$8.00 per 100.

#### Clematis Indivisa.

This is one of the most desirable cool greenhouse climbers. Its flowers are produced in March and April, in panicles frequently 2 feet long, are pure white, and from 1½ to 2 inches in diameter. The flowers can be used to good advantage in a cut state. 75 cts. each.

#### Curmeria Wallisii.

A beautiful, ornamental stove plant, with foliage 5 inches long by 2 to 2½ inches wide, of a rich, deep green, irregularly blotched with pale yellowish-green. 35 cts. each.

## Cyclamen per Giganteum.

We have a fine stock of these grown from our own select strain of seed; strong 3-inch pots, white, blood red, rose or white with carmine eye, \$1.25 per dozen; \$9.00 per 100. Mixed colors, \$1.00 per dozen; \$8.00 per 100.

CYCAS REVOLUTA (SAGO PALM)

## Cycas Revoluta. (Sago Palm.)

We have a large stock of Cycas, especially in medium-sized plants, suitable for retailing for house decoration. All of these sizes are in very good condition, and of exceptional value.

## Cyperus.

Alternifolius. 3-inch pots, 75 cts. per doz.; \$6.00 per 100.

#### Cyanophyllum Magnificum.

We offer good plants of this scarce stove plant in 6-inch pots, at \$2.00 each.

DEUTZIA LEMOINEI

DIEFFENBACHIA

#### Dieffenbachias.

Handsome decorative plants, with bold ornamental foliage, used for the warm conservatory.

Baraquiniana. Leaves bright, light green, irregularly spotted with white, midrib and stems clear ivory-white. 50 cts. each. Bausei. Leaves yellowish-green, margined and irregularly blotched with dark green, and spotted white. 50 cts. each.

Bowmanni. Rich deep green leaves, blotched with irregular markings of light pea-green. 50 cts each.

Magnifica. Shining sombre green leaves; thickly variegated with blotches and spots of pure white. 75 cts. each.

Memoræ Corsi. Beautiful leaves of a silvery white, with thread-like lateral veins of green, a handsome variety. 50 cts. each.

Splendens. Rich, deep bottle green, freely marked with whitish striated blotches, which stand out in striking contrast with the deep green ground. 75 cts. each.

#### Deutzias for Forcing.

Gracilis. We have a large stock of this standard variety in strong two-year old plants, suitable for 6 and 7-inch pots, 75 cts. per dozen; \$6.00 per 100; \$50.00 per 1000.

Gracilis Rosea. Identical with Deutzia Gracilis in general habit, but with flowers fully double the size of that graceful variety, to which is added the additional charm of being suffused with a delicate rosy tint just sufficient to relieve the dead white which is objectionable in the type, and which will undoubtedly place it in the front rank of shrubs for winter

Strong two-year old plants, suitable for 6-inch pots, \$1.00 per dozen; \$8.00 per 100.

Lemoinei. Deutzia Lemoinei is now a standard forcing variety, and when better known will no doubt entirely supplant Deutzia Gracilis for this purpose. Not only is it valuable for forcing, but it is equally good for the garden, being just as hardy as the type, while its flowers are three times as large, and are produced in broad-based cone-shaped heads of from 20 to 30 flowers each, which are of the purest white.

We offer strong two-year old plants for forcing, suitable for 6 and 7-inch pots, \$1.00 per dozen; \$8.00 per 100; \$75.00 per 1000. Strong one-year old plants, 60 cents per dozen; \$4.50 per 100; \$40.00 per 1000.

Dracæna Dalciere.

Similar to *Doucetti* but with the variegation of a light yellow. A limited number of specimens in 9-inch pots, \$3.50 each.

Dracæna Doucetti.

A rare and beautiful variegated form of D. Indivisa, with dark green foliage broadly edged with creamy white. It makes a fine specimen plant and is much admired. We offer nice specimens in 5-inch pots, \$1.50 each; 6-inch pots, \$2.00 each; 8-inch pots, \$3.00 each.

Dracæna Fragrans.

2¼-inch pots, \$1.00 per doz; \$8.00 per 100. 3-inch pots, \$1.25 per doz.; \$10.00 per 100.

Dracæna Godseffiana.

4-inch pots, \$3.50 per doz.; \$25.00 per 100.

**Dracæna Goldieana.**We offer a limited stock of this beautiful and scarce variety. 4-inch pots, about 10 inches high, \$1.25 each.

Dracæna Kewensis.

A distinct new species which for hardiness is classed with Apisdistra Lurida. It has pea-green, glossy lanceolate leaves, which are about 15 inches long by  $2\frac{1}{2}$  to 3 inches broad with reddish leaf stalks. 4-inch pots, \$1.00 each.

Dracæna Lentuginosa.

Another form of D. Indivisa, with peculiar coppery bronze foliage. 10-inch pots. \$5.00 each.

Dracæna Massangeana.

4-inch pots, 50 cts. each.

Dracæna Sanderiana.

21/4-inch pots, \$2.00 per doz.; \$15.00 per 100.

Dracæna Terminalis.

21/4 inch pots, \$1.00 per doz.; \$8.00 per 100.

FARFUGIUM GRANDE

DRACÆNA KEWENSIS

Eucharis Amazonica.

A lot of strong bulbs just starting into growth in 3-inch pots, 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Ficus Elastica.

4-inch pots, 10 to 12 inches high, ready about September 15th. \$3.00 per doz.; \$25.00 per 100.

Ficus Radicans Variegata.

A pretty variegated trailing variety. An admirable plant for the warm conservatory. The leaves are bright green, freely and irregularly margined with white, the variegation sometimes extending to nearly the entire leaf. 35 cts. each.

Ficus Repens.

Strong 3-inch pots, \$1.25 per doz.; \$10.00 per 100.

Farfugium Grande.

A fine lot of plants in 4-inch pots, \$2 00 per doz.; \$15.00 per 100.

Gardenia Florida.

Bushy plants, 6-inch pot, 60 cts. each; \$6.00 per doz.

Genista Fragrans.

3-inch pots, \$1.00 per doz.; \$7.00 per 100. 4-inch pots, \$2.00 per doz.; \$15.00 per 100.

FICUS RADICANS VARIEGATA

ADIANTUM CROWEANUM

# DREER'S FINE FERNS.

VARIETIES OF SPECIAL MERIT.

### Adiantum Croweanum.

The New Maiden-hair for Cutting.

Probably no fern has been so well and so favorably known to the cut-flower trade so long before its introduction as this, the entire stock of which, until quite recently, has been in the hands of the originator who has been marketing the fronds in the principal cut flower centres, where it has found ready sales in preference to and at higher prices than other forms of Maidenhair.

Its principal points of merit are its strong vigorous growth, very long stems and remarkable keeping qualities.

We offer strong 3-inch pot plants, \$4.50 per dozen; \$35.00 per 100; \$250.00 per 1000.

Large clumps, suitable for 8 to 10 inch pots, 75 cents each; \$70.00 per 100.

### Adiantum Farleyense.

# Asplenium Nidus Avis. The Bird's Nest Fern.

#### Cibotium Schiedei.

This is undoubtedly the finest of all Tree Ferns in use for decorative purposes, and, though appearing very soft, is in fact very hardy, as has been demonstrated by the leading decorators throughout the country, succeeding admirably as a house plant, which is not the case with any other Tree Fern. It possesses a graceful and delicate appearance that is found in no other plant. It is a variety that is always scarce and difficult to obtain.

### Nephrolepis Scottii.

The New Boston Fern That Has Come to Stay.

In this new variety, we believe we are presenting a Fern which will finally take the place of the Boston Fern. This is a strong statement, but one which we believe will be fully realized. To sum up its merits briefly, it can, under the most ordinary treatment, be grown into an ideal specimen of compact shape, which in the ordinary Boston Fern could only be accomplished with the most careful culture, and by giving the plants a large amount of room. Its natural, compact habit admits of almost double the number of plants to be grown in the same space as the regular Boston Fern. We recommend this for extensive planting, as we are certain that you will not meet with the same disappointment as in some of the new varieties introduced within the last few years, but that you will find this a profitable investment, and a plant that will appeal to your customers on account of its compact, symmetrical and graceful form.

#### Mar To New Variegated Moss Selaginella Watsoniana.

A charming addition to our list of dwarf ornamental foliage plants, and an excellent subject in conjunction with Ferns for use in Fern-dishes and for table decoration. Its chief attraction lies in the silvery-white variegation which spreads throughout the plant, the leaflets on both the main and lateral branches being broadly tipped and margined with glistening white. A free grower, of dwarf, compact habit, and entirely distinct from any Selaginella now grown. 15 cts. each; \$1.50 per dozen; \$10.00 per 100.

### Grand New Single Geranium 'Telegraph."

The most distinct introduction in this line for many years; a variety that has been thoroughly tested and which is certain to be classed at once with the very best standard sorts either as a pot plant or for bedding.

It is a strong robust grower with dark green foliage and heavy zone while both the individual flowers and the trusses are of mammoth size, in color it is a most pleasing rich deep orange cerise.

Strong plants from 21/4 inch pots 25 cts. each; \$2.50 per dozen; \$20.00 per 100.

### Hydrangeas.

Open ground plants, strong and stocky.

" Forsteriana									
Latania Borbonica				1	00	4	00	, 6	00

#### Dreer's Double Petunias.

Our Double Petunias are too well known to require special description; we simply wish to call attention to the fact that the stock which we offer is selected and propagated every season from seedling plants, thus securing a life and vigor which is not found in plants which have been propagated year after year from cuttings.

The stock this season promises better than ever, both in the quality of plants as well as in the selection of varieties. Strong 3-inch stock plants will be ready early in October.

\$1.25 per doz.; \$10.00 per 100; Set of 15 varieties, \$1.50.

#### Buttercup Primrose.

A free flowering yellow Primrose coming into full bloom for Thanksgiving and Christmas trade and continues covered with bloom during winter and spring,

By planting five or more plants to the pan, according to the size required, during September, you can have magnificent specimens. The flower buds should be pinched out until about October 1st in order to get the plants to make a good growth (see illustration on next page).

Strong 2-inch pots \$1.25 per doz.; \$10.00 per 100; \$80.00 per 1000.

## Primula Sinensis Fimbriata.

(Chinese Fringed Primrose.)

An extra fine strain, 3-inch pots, 60 cts. per doz; \$4.00 per 1co.

DREER'S DOUBLE-FRINGED PETUNIA

### Retinispora Sanderi.

A new blue conifer, which will prove indispensable in any planting of hardy evergreens, either in massing or in single specimens. In habit it is quite distinct, its growth being dwarf, dense and cushion-like, forming beautiful semi-globular specimens of a most pleasing and attractive blue color. Our illustration conveys a very good idea of its style of growth. Beautiful shapely plants, 6 inches high, 75 cents each; \$7.50 per doz. Nice specimens, 8 inches high, \$1.00 each; \$10.00 per doz.

#### Rhododendrons for Forcing.

These are being used more extensively each season, and in anticipation of an increased demand we have arranged for a large supply of the most approved varieties for early flowering, delivery of which can be made early in November. We offer shapely bushy plants well set with flower buds, 20 to 24 inches high, \$1.00 each; \$11.00 per dozen; \$90.00 per 100.

#### Schismatoglottis Picta.

A handsome plant for the warm conservatory, somewhat on the style of the Diffenbachias, foliage deep green with greyish white markings. 30 cents each; \$3.00 per dozen.

#### Sanseviera Zeylanica.

21/4-inch pots, 75 cents per dozen; \$6.00 per 100.

Sphaerogyne Latifolia.

We are in position to offer this beautiful stove foliage plant at a popular price, having a good stock this season we can furnish good plants in 5-inch pots at \$1.25 each.

#### Skimmia Japonica.

A most useful plant for the holidays, bearing an abundance of showy bright red berries on a back ground of glossy dark green foliage. A limited stock of finely berried plants, 75 cents each.

Stephanotis.

				Per 100
Floribunda.	3-inch pots		\$2 00	\$15 00
66	. 4 "		3 50	25 00
66	6 " 75 ct	ts. each;	\$7.50 per doz.	

#### Smilax.

21/4-inch pots, \$3.00 per 100; \$25.00 per 1000.

Stigmaphyllon Ciliatum.

One of the prettiest climbers for the warm conservatory in our collection, bearing in profusion large golden yellow butterfly-like flowers, closely resembling that showy orchid Oncidium Varicosum. Strong plants 50 cents each,

RETINISPORA SANDERI

BUTTERCUP PRIMROSE. (See offer on page 26.)

#### Double Violets. Marie Louise.

A fine lot of thrifty, healthy plants of this most desirable standard variety, in strong field-grown clumps. \$1.25 per doz.; \$8.00 per 100; \$75.00 per 1000. (Ready about September 25th.)

#### Single Violets.

The varieties offered below are great improvements over the old sorts, which were practically of little use except at such seasons when double flowering sorts were not to be had, while in these new sorts the flowers are of such immense size that they are fully as desirable as the finest doubles. We offer strong field-grown clumps.

Admiral Avellan, reddish purple, of good size. La France, rich violet blue, large and very fragrant. Princess of Wales, intensely fragrant, soft violet.

75 cts. per doz.; \$6.00 per 100.

#### Vriesia.

Splendens. A beautiful Bromiliad with light green foliage, transversely marked with brownish black bars. It throws up a tall spike of brilliant scarlet bracts, from which the yellow flowers are produced. The rich coloring of the bracts continues for a long time. An excellent house plant in every way, as it does not suffer from a dry atmosphere. 35 cents each.

## The New Pot Rose for Easter.

Mme. Norbert Levavasseur, or Dwarf Crimson Rambler. A charming new Rose which is certain to meet with much favor, not only as a forcing variety for Easter, but as a spring pot-plant and for summer bedding. While the plant is of dwarf compact yet robust habit, it produces its flowers throughout the season, which are of a pleasing shade somewhat lighter than Crimson Rambler. We offer a limited stock of strong field-grown plants which will be ready for delivery early in December. \$5.co per doz.; \$40.co per 100.

# Hardy Perennial Plants.

During the past season we have considerably extended our stock of Hardy Perennials, which is now not only the most extensive and most complete in this country, but is in better condition than ever before. For full descriptions and illustrations see our Garden Book for 1904.

HARDY ASTER

# Hardy Asters. (Michaelmas Daisies.)

The hardy Asters are among the showiest of our late fall flowering plants, and give a wealth of bloom at a season when other flowers in the hardy border are generally wanting.

Amellus Elegans. Very large. Light blue. 18 inches.

Amethystinus. Large amethyst blue. 3 feet.

Delight. Very free. Light rosy lilac. 4 feet.

F. W. Burbidge. Bright, rosy lilac. Large size. 3½ ft.

Formosissima. Deep lilac, shaded purple. 3 feet.

Horizontalis. Small, rosy lilac flowers.

Lævis. Light blue. 4 feet.

Madonna. An early free flowering white. 3 feet.

Mrs. F. W. Raynor. Light purplish crimson. 3 feet.

Novæ Angliæ. Large bluish purple. 3 feet.

Rosea. Bright rose color. 4 feet.

Robert Parker. A fine lavender blue. 4 feet.

Snowflake. Pure white. 2½ feet.

Turbinellus. Pale lavender. Large. 3 feet.

White Queen. Large white. 3½ feet.

Strong divisions. \$1.00 per dozen; \$8.00 per 100.

### Hardy Perennial Phloxes.

We make a specialty of Perennial Phlox, and our collection is unequalled, can furnish the popular standard varieties in large quantities, over one hundred thousand strong one-year-old field grown plants being in stock.

Andreas Hoffer. Early and continuous flowering, pure white.

Aquillon. Bright deep pink, crimson eye. B. Comte. A fine dark crimson.
B. Comte. Intensely rich purplish crimson.

Bridesmaid. Pure white with large crimson eye.
Beranger. White, suffused pink, crimson eye.
Scarlet, suffused orange, carmine eye.

Blanc Nain. Dwarf, pure white.

Bouquet Fleur. White, with deep rose eye.

Champs Elysee. Fine rich purplish crimson.

Coquelicot. Bright orange scarlet, carmine eye. 75 cents

per doz.; \$6.00 per 100.

yclon. White, suffused rosy lilac, dark rose eye.

Cyclon. White, suffused rosy Illac, dark 1056 e.g... Cross of Honor. White, with a band of lilac through each

Colibri. White, with deep rose centre.

Eclaireur. Purplish crimson with light halo, very large. Furphish crimson with light halo, very large.

Eugene Danzenvillier. Lilac with white edge and centre.

Fantome. Deep rosy lilac washed with white, crimson eye.

Jeanne d'Arc. A fine late white.

Lamartine. Very bright magenta, with large white centre.

La Vague. Rosy pink with red eye.

Matador, Bright orange scarlet, cherry red eye. \$1.00 per

doz.; \$8.00 per 100.

Moliere. Salmon rose, deep rose eye.

Multiflora. Violet rose, light centre, large flower. Otto Thalacker. Magenta crimson.

Ornament. Rosy magenta, crimson eye.

Pantheon. Deep salmon rose, free and effective.

Professor Schlieman. Bright lilac rose, with carmine eye.

P. Bonnetain. Magenta, overlaid salmon. R. P. Struthers. Bright rosy red, crimson eye.

Semiramis. Purplish magenta.
Sunshine. Salmon pink with deep red eye.
Thebaide. Dwarf, salmon red with crimson eye.

Price, any of the above (except the two scarlet varieties noted), strong one-year-old field grown plants, 75 cents per dozen; \$5.00 per 100; \$40.00 per 1000.

## Two Grand Hardy Phloxes.

F. G. Von Lassburg. The finest white in cultivation, the individual flowers being fully double the size of any other variety, pure in color, and a strong, clean, vigorous grower. The ideal crimson Phlox, being several shades brighter than Le Mahdi, heretofore considered the richest of this class. This variety attracted much attention in our trial grounds the past summer.

20 cents each; \$2.00 per doz.; \$15.00 per 100.

## Primula Veris Superba.

(New Giant Hardy Primrose.)

We introduced this Giant English Primrose four years ago and we are now more than ever impressed with its value.

In size of flower, it is fully three times as large as any other hardy Primrose, the average size of the flower being over one inch, and we have seen them frequently measuring over two inches, with trusses of bloom 6 inches in diameter. It is perfectly hardy, grows from 10 to 12 inches high, and begins to flower earlier and continues in bloom longer than any other Primrose. This alone is sufficient to insure its popularity as a plant for the garden; but its greatest merit consists in the fact that it is not only one of the easiest plants to force, but a plant that will sell on sight when brought into flower during the early spring months, and especially so when grown as an Easter plant.

Strong plants 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1000.

STOKESIA CYANEA. (OFFERED ON NEXT PAGE.)

## Stokesia Cyanea.

(The Cornflower Aster or Stokes' Aster.)

The colored illustration on the front cover of our retail catalogue for 1903 conveyed a fair idea of this charming hardy plant, which for the past few summers has been the most universally admired flower on our grounds.

The plant grows from 18 to 24 inches high and produces its Cornflower-like lavender blue flowers 4 to 5 inches in diameter, from early in July until late in October. It is of easiest culture, succeeding in any open, sunny position; not only is it desirable as a single plant in the mixed border, but it can also be used with good effect in large, solid masses, and at the same time is invaluable as one of the finest cut flowers. We have no hesitancy in saying that the Stokesia is the one most desirable hardy plant offered in our list, and we doubt very much if we shall ever again be able to offer a hardy plant which will give such universal satisfaction.

The stock which we offer is all pot grown, being very strong plants in three-inch pots, which is the only satisfactory stock to supply to the amateur, and it must not be confounded with native collected plants.

# Dreer's Reliable Flower Seeds

## = FOR AUTUMN SOWING =

We call special attention to our choice strains of Cineraria, Cyclamen, Pansy, Primulas, etc., which are acknowledged by leading growers to be superior in all respects. Autumn is a good time to make sowings of many of the hardy perennials, and in view of the great popularity which this class of plants are at present enjoying, it will be to your advantage to get up stock of the leaders, including Aquilegia, Coreopsis, Delphinium, Gaillardia, Platycodon, etc.

### For complete List of Flower Seeds, see Spring issue of our Wholesale Catalogue.
